Election/Restrictions

Claims 4-5 withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected inventions, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 5-18,2006.

Applicant's election of group 1 with traverse of in the reply filed on 5-18-2006 is acknowledged. The traversal is on the ground(s) that there being no additional burden there being no additional burden. This is not found persuasive because the apparatus claim 4 and the method claim 5 are drafted t different inventions. Claim 4 merely recites an adjustable amplifier and the intended use associated with it imparts no additional structure. Any implantable device with an adjustable sense amplifier reads upon the claim since it can be adjusted in any way suitable to the programmer. Claim 5 calls for the monitoring of the variation of parameters and the adjustment of the parameters. Where as claim 1 monitors the sensing results based upon selected parameters and not the parameters which is fitting with the disclosed invention. Notwithstanding, the first action mailed was handled by another examiner and thus the 3 distinct inventions would need be searched by starting over by the current examiner

The requirement is still deemed proper and is therefore made FINAL.

This application is in condition for allowance except for the presence of claims 4-5 directed to an invention non-elected with traverse in the reply filed on 5-18-2006. Applicant is given ONE MONTH or THIRTY DAYS from the date of this letter, whichever is longer, to cancel the noted claims or take other appropriate action (37 CFR 1.144).

Failure to take action during this period will be treated as authorization to cancel the noted claims by Examiner's Amendment and pass the case to issue. Extensions of time under 37 CFR 1.136(a) will not be permitted since this application will be passed to issue.

The prosecution of this case is closed except for consideration of the above matter.
